Hatch and Grow Program & Symbio

Dear Parents and Carers,

This term, Kindergarten are learning about living things as part of their Science unit. We have organised for Hatch and Grow to deliver incubators and duck eggs to Kindergarten next week and an excursion to Symbio Wildlife Park to help support our learning in Science and English. The students will have the opportunity to observe the ducklings hatch and to care for them for two weeks.

Symbio Wildlife Park

DATE: Friday 16 September 2022

TIME: 8:30 am to 3:00 pm

VENUE: Symbio Zoo

TRANSPORT: Seatbelted Coach

COST: **\$42.00** (includes Coach, Symbio entry, feed bag and Hatch & Grow)

The children will need to be at school on the excursion day at 8:30 am. For this excursion the children must wear their school uniform and comfortable walking shoes – they have lots of walking to do! A hat is compulsory. The children must bring their recess, lunch and a drink bottle in a small backpack with their name clearly written on it.

While the Kindergarten staff continue to appreciate the high level of support with our programs we do not require parent helpers for this excursion. Each class will have their class teacher, support teacher and a guide at the zoo.

Please return the form below to the school office by Friday 2<sup>nd</sup> September 2022.

Sincerely,

The Kindergarten Team
